From Aliae Collection designed by Constantina Tsiara. Inspired by a female Titan, the daughter of Oceanus and Tethys, DIONE, is a floor lamp weaving together straight and curved lines in a dynamic way. These extreme curves and angles, which are a typical trait in architectural latest advances have now reached out to furniture design. Generating movement and separating itself from of any former trace of over-rigidness, that floor lamp shapes free, delicate and organic lines. Ideal for Outdoor and Indoor use. Lobby, Entrances, Guest Rooms etc.
